1.0. Opening Remarks

The meeting was called to order by Mr. Tembo who was standing in as chair and welcomed all in attendance.

2.0 Apologies

3.0 Previously Assigned Tasks

- Right from the start the chair asked for an update from Mr. Chinyundo who in turn indicated that Raceview University are starting their marketing on the 25th September 2023. This information was needed so that we do not clash with the other University.
- The floor was then handed to Mr. Banda to give an update on social media influencers and the procurement of vehicles.
- Mr. Banda mentioned that Vubwi gave us a quotation of 32, 000 for three months.

- He further mentioned that they met up with staff from Power Tv and Prime TV and the institution will engage them as soon as finances are put in place.
- On the procurement of vehicles Mr. Banda indicated that the Quantum buses were going at K230, 000 and K240, 000 respectively. From those quotations the institution opted to engage a lending institution. The car dealer needs a down payment of 40% then pay K16, 000 monthly for the next 3 years. They were however quick to note that if the institution defaults they will ask us to pack the vehicles. We are also required to sign a contract for each of the (2) two vehicles.

3.1 Perquisites for the vehicles

1. 40% down payment
2. Board meeting minutes to show our marketing strategy and resolution
3. Management account

Then the vehicles will be delivered within 7 days.

Mr. Banda further mentioned that the institution is planning to check with Jan Japan too and compare the prices. He handed back the floor to Mr. Tembo.

4.0 Resources

Since the institution is still in its infancy stage the members present suggested on the following

- Reduce the number of buses to purchase from 2 to 1.
- Before engaging the social media influencers see the content of what they are offering first
- Use Mwebantu for marketing to serve on some funds
- Use our students for marketing then give them incentives say if one brings 10 students such a student will have his or her tuition waived for the semester.
- For us to test the depth of the waters we start with Lusaka and its outskirts then extend our tent from there.
- Make use of local Radio stations for advertising and make local people know that Application forms can be bought from the local Radio station while our staff is there.

5.0 At this juncture Dr. Ngandalo joined us and he was run through what had been discussed earlier on

- He however retaliated that he also repots somewhere and at this stage it was already decided that we go ahead and buy the 2 vehicles.
- His first choice on the social media influencers was Simon Mwewa followed by Maza.
- He echoed Mr. Banda's words that as an institution we need K171, 000 as down payment for the 2 buses and a monthly payment of 16, 000 per month for the next 3 years.

- He tasked Mr. Tembo, Mr. Banda and Mr. Chinyundo to do community mobilization, get permissions and arrange for printing material layout.
