THE HUMAN RESORCE

ZAMTEL.

Dear sir/madam.

RE: APPLICATION FOR A JOB AS AN APPLICATION DEVELOPER

With reference from the above subject matter. I am applying for a job as an Application Developer in your organization advertised on GoZambiajobs.com.

I hold a diploma in computer studies from Evelyn Hone College, BSc Computer Science under study at Cavendish University Zambia and CISCO CCNA Security, Huawei HCIA Security and HCIA Routing & Switching professional certifications. I am also affiliated to the Engineering Institute of Zambia (EIZ) and accredited to TEVETA as a Trainer.

I believe that my strong technical and experience makes me a highly competitive candidate for this position. My key strengths that would support my success in this position include:

- A developer of an institution official website
- A developer of school management system to manage students, fees collections and online accommodation application at Lusaka Vocational Training Centre
- A good working experience in several computer programming languages.

Your consideration in this regard will be highly appreciated.

Yours sincerely.

MULENGA YUMBA
